

FOR IMMEDIATE RELEASE:

**TEXAS TURBINE CONVERSIONS ANNOUNCES AVAILABILITY OF ITS CESSNA CARAVAN ENGINE
CONVERSION IN AFRICA**

November 29th, 2011: *Celina, TX.* - Texas Turbine Conversions, Inc. officially announced the availability of its successful *Supervan 900* engine conversion, to the continent of Africa. The announcement was made during the annual Commercial Aviation Association of South Africa (CAASA) meeting, which was held last week at the Misty Hills Country Hotel near Lanseria Airport. With over 100 attendees representing the leaders of the South Africa aviation industry, the announcement and subsequent presentation was very well received by the audience. "This conversion can bring current Cessna Caravan operators substantial savings by greatly reducing their overall operating costs while still providing greater takeoff, climb & cruise performance", says Texas Turbine Conversions Representative - Andre' Pretorius. "Texas Turbine Conversions has sold more than thirty Caravan conversions, in over 10 countries, making the *Supervan 900* the most powerful and most successful Cessna Caravan engine conversion on the market".

This complex engine upgrade includes a new factory fresh engine and propeller, and all new major components to include; batteries, wiring, engine cowlings, and a redesigned exhaust system. The conversion provides the Cessna

Caravan operator with increased horsepower from a 675 shaft-horsepower to an incredible 900 SHP, provided by the Honeywell TPE-331-12. Benefits also include reduced fuel burn, lower maintenance costs with a maintenance reserve of under \$40 per hour, and a higher 7000 hour TBO. The Honeywell engine has proven its reliability with over 50 years on the market and is used on many of the best performing aircraft in the world.

Texas Turbine Conversions, Inc. is an industry leader in Honeywell TPE-331 modifications and has performed over 70 turbine engine conversions utilizing the Honeywell engine. With over 19 years experience with the TPE331 engine, Texas Turbine Conversions, Inc. has the knowledge and experience to provide the best performance and customer support for a Cessna Caravan modified with the Honeywell engine.
